

Master Program “Applied & Environmental Geoscience”

Application Requirements

- a **Bachelor's degree** (or equivalent) in Geology, Geoecology, Environmental Sciences, Geophysics, Mineralogy, Physical Geography, Soil Science, Mathematics, Physics, Chemistry, Biology, Computer Science, Civil Engineering or in another subject related to environmental sciences with an **overall grade** of at least **2.5** (German grading system)
- a good background in **mathematics**, **chemistry**, and **physics** (i.e. courses must be included in the Bachelor's curriculum) and **geosciences**
- **English language proficiency** equivalent to CEFR level B2 (e.g. TOEFL 79 iBT, IELTS 6.5, a degree with English as the medium of instruction)

NOTE: You don't need to have completed your Bachelor's degree, you can apply if you will graduate before October.

Application Procedure

To apply for the program, please follow the online application procedure on the university website:
<https://alma.uni-tuebingen.de/alma/>

To complete the application, you must upload the following **documents** as pdf-files:

- **Letter of motivation** (1-2 pages) in which you state why you want to study the AEG program
- **Curriculum vitae**
- **Bachelor's certificate** and **transcript of records** with the information about your overall grade (final or preliminary CGPA), the maximum possible and the minimum passing grade [required for the conversion of your grade into the German grading system]
- **Proof of English language proficiency**
- Reference letters from lecturers or professionals or certificates from an internship/job [optional]

NOTE: For documents that are not in English or German, an official translation into one of these languages must be submitted.

The ALMA application portal will open in early February.

Application deadline for the program is March 31st for International (non-EU) citizens, and July 15th for German and EU citizens.

Important: Students who are planning to apply for scholarships, need to be aware of the respective application deadlines, which are often one year prior to the start of the program.
