

AEG 2002

Lihua Liu

I'm living in Guangzhou, China

My occupation

I am head of the Research Laboratory of the Mechanism of Gas Hydrates in Guangzhou Institute of Energy Conversion, CAS. Currently my research fields mainly cover marine geology and biogeochemistry.

My AEG time

AEG become a good memory and reminds me many stories about youngth time.

I started to communitate with others in English and be well educated there. Both of that are critical for my academic career.
