Linguistic Evidence 2020

13-15 February 2020

Venue: Brechtbau, Wilhelmstraße 50, 72074 Tübingen

Thursday, 13 February 2020

08:00 Registration

09:00 Welcome and Announcements

09:10 **Rebecca Tollan** (Delaware) – Invited Talk
Subjecthood and unmarkedness in Niuean: Experimental evidence

10:10 Coffee Break

10:30 **Astrid Gößwein** (Frankfurt/Main)
Length and argument structure in German participle constructions and relative clauses

11:15 **Sina Bosch, Ilaria De Cesare, Claudia Felser** & **Ulrike Demske** (Potsdam)
A multi-methodological approach to word order variation in German infinitival complementation

12:00 Lunch Break

13:30 **Markus Bader** & **Gert Webelhuth** (Frankfurt/Main)
Experiments on coreference in German and c-command

14:15 **Doreen Georgi**[1]**, Martin Salzmann**[2] & **Marta Wierzba**[1] ([1]Potsdam, [2]Pennsylvania)
An experimental investigation of reconstruction for condition C in German Aʹ-movement

15:00 Coffee Break

15:20 **Elena Callegari** & **Riccardo Pulicani** (Oslo)
Topicalized PPs: Movement or external merge?

16:05 **Albert Wall, Senta Zeugin** & **Philipp Obrist** (Zürich)
Evidence for more fine-grained semantic scales in the acceptability of Ibero-Romance DOM

16:50 Coffee Break

17:10 **Anne Abeillé[1], Barbara Hemforth**[1]**, Elodie Winckel**[1,2] **& Edward Gibson**[3] ([1]Paris, [2]Berlin, [3]Cambridge/Mass.)
The subject island as a case of focus-background conflict

17:55 Poster Reception with snacks and drinks

Friday, 14 February 2020

09:00 **Regine Eckardt** (Konstanz) – Invited Talk
The perfect expression: Why the preterite got lost in Southern German

10:00 Coffee Break

10:20 **Cornelia Ebert**[1] **& Stefan Hinterwimmer**[2] ([1]Frankfurt, [2]Wuppertal)
Free indirect discourse meets character viewpoint gestures: A reconstruction of Davidson's demonstration account with gesture semantics

11:05 **Anna Czypionka, Mariya Kharaman, Josef Bayer, Maribel Romero** & **Carsten Eulitz** (Konstanz)
Licensing question-sensitive discourse particles: Evidence from grammaticality judgments, self-paced reading and EEG studies

11:50 Poster Lunch

14:00 **Berry Claus** (Berlin)
Framing effects: Linguistic accounts and experimental evidence

14:45 **Marta Wierzba** (Potsdam)
A paradigm for testing contrastive topic projection

15:30 Coffee Break

15:50 **Lisa Schäfer** (Saarbrücken)
If you can predict it, you can omit it: Empirical investigations on the usage of topic drop in German

16:35 **Beate Bergmann** & **Katharina Spalek** (Berlin)
Focus and context: How speakers create alternative sets

17:20 Coffee Break

17:40 **Andreea C. Nicolae** & **Kazuko Yatsushiro** (Berlin)
Not eating 'kein' veggies: Negative concord in child German

18:25 End

19:30 Conference Dinner

Saturday, 15 February 2020

09:00 Mirjam Ernestus (Nijmegen) – Invited Talk
Computation and lexical retrieval in the spelling of Dutch regular verb forms

10:00 Ruth Kessler & **Sara D. Beck** (Tübingen)
L1 and L2 learners keep their eyes on the prize: Eye-tracking evidence during idiom recognition

10:45 Coffee Break

11:05 Utku Türk & **Pavel Logačev** (Istanbul)
The role of shallow processing in agreement attraction

11:50 Francesca Capuano[1]**, Berry Claus**[2] & **Barbara Kaup**[1] ([1]Tübingen, [2]Berlin)
The experiential basis of compatibility effects in reading-by-rotating paradigms

12:35 Good Bye and Departure

Alternate Talks

Nico Lehmann & **Elisabeth Verhoeven** (Berlin)
Experimental evidence for discourse-independent variation in Yucatec Mayan constituent order

Mareike Philipp (Potsdam)
Cross-linguistic investigations on quantifier scope ambiguities—Experiments on German and English

Posters

Poster Reception on Thursday, 13 February, 18:00

Alice Barlassina & **Emanuela Sanfelici** (Padua)
The semantics of gradable adjectives in Italian-speaking children

Sara D. Beck & **Andrea Weber** (Tübingen)
Unlocking the key to L2 idiomatic processing: Non-native listeners' idiomatic processing is not immediately affected by the idiomatic key

Alicia Katharina Börner, **Jutta Pieper** & **Tibor Kiss** (Bochum)
The syntax of event-internal adverbial PPs

Ellen Brandner[1] & **Alexandra Rehn**[2] ([1]Stuttgart, [2]Konstanz)
Bad data can be good data—the significance of different methods for syntactic theorizing

Giulia Cappelli, **Pier Marco Bertinetto** & **Alessandro Lenci** (Pisa)
Behavioral evidence on predictors of argumenthood with motion verbs

Alvaro Cortés Rodríguez (Tübingen)
The role of heaviness in the acceptability of multiple sluicing constructions in English

Susanne Dietrich, **Ingo Hertrich**, **Verena C. Seibold** & **Bettina Rolke** (Tübingen)
Cortical dynamics of context-dependent speech—towards a cognitive-neuroanatomical model

Fabian Ehrmantraut (Saarbrücken)
When the meaning of free morphemes diverges from the meaning of their bound counterparts: The case of 'bio' and its relatives

Cheryl Hodgkinson[1], **Anke Holler**[2] & **Thomas Weskott**[2] ([1]Düsseldorf, [2]Göttingen)
Effects of logophoricity and perspective-taking in non-obligatory control: An experimental study

Takeshi Kato, **Shohei Nagata** & **Yuichi Ono** (Tsukuba)
Experimental survey on the interaction of focus particles with scrambling in Japanese

Nico Lehmann & **Elisabeth Verhoeven** (Berlin)
Experimental evidence for discourse-independent variation in Yucatec Mayan constituent order

Robin Lemke, **Lisa Schäfer** & **Ingo Reich** (Saarbrücken)
Can identity conditions on sluicing and sprouting be explained by processing?

Philip Miller[1] & **Till Poppels**[2] ([1]Paris, [2]San Diego)
A direct generation approach to pseudogapping: Experimental evidence from remnant locality and remnant connectivity

Benu Pareek (New Delhi)
Postpositions and noun phrases in Hindi: A view from acquisition of agreement

Mareike Philipp (Potsdam)
Cross-linguistic investigations on quantifier scope ambiguities—experiments on German and English

Cosima Schneider[1], **Markus Janczyk**[2] & **Nadine Bade**[3] ([1]Tübingen, [2]Bremen, [3]Paris)
Presupposition verification: A comparison of definite determiners and 'again'

Sonja Tiemann & **Sigrid Beck** (Tübingen)
Incrementally interpreting presuppositions

Fabian Tomaschek & **Jessie S. Nixon** (Tübingen)
Learning theory as linguistic theory

Poster Lunch on Friday, 14 February, 11:50

Giuliano Armenante & **Julia Braun** (Tübingen)
Fake past in conditionals and attitude reports—A crosslinguistic correlation

Markus Bader, **Yvonne Portele** & **Alice Schäfer** (Frankfurt/Main)
Semantic bias in the interpretation of German personal, demonstrative and d-pronouns

Sigrid Beck & **Thilo Götz** (Tübingen)
Change in progress: English 'every'

Anton Benz & **Nicole Gotzner** (Berlin)
Generating embedded implicatures: A theory and experimental evidence

Cornelia Ebert, **Giovanna Pirillo** & **Sebastian Walter** (Frankfurt/Main)
The role of gesture-speech alignment for gesture interpretation

Bradley Hoot[1], **Tania Leal**[2] & **Emilie Destruel**[3] ([1]Chicago, [2]Reno, [3]Iowa City)
Methodological triangulation at the syntax/pragmatics interface: Narrow object focus in Spanish across three task modalities

Edyta Jurkiewicz-Rohrbacher[1], **Zrinka Kolaković**[2]*,* **Björn Hansen**[1] & **Dušica Filipović-Đurđević**[3] ([1]Regensburg, [2]Klagenfurt, [3]Belgrade)
Clitic climbing in Croatian and Serbian in the light of the theory of systems complexity

Andreas Kehl (Tübingen)
Subextraction from present participle adjuncts in English

Jong-Bok Kim[1], **Jungsoo Kim**[1] & **Rok Sim**[2] ([1]Seoul, [2]Columbia)
Discourse-based answering systems: An experiment-based analysis

Yat Han Lai (Frankfurt/Main)
The processing advantages of object preposing in Cantonese

Philip Miller & **Barbara Hemforth** (Paris)
Unacceptable VPE with identical antecedents: Disentangling the effects of discourse conditions and mismatch on the acceptability of Verb Phrase Ellipsis

Fereshteh Modarresi & **Manfred Krifka** (Berlin)
Anaphoric potential of pseudo incorporated nominals in comparison with compounds and implicit objects

Robert Pasternak[1] & **Lyn Tieu**[2] ([1]Berlin, [2]Sydney)
Co-speech sound effects behave like gestures

Riccardo Pulicani & **Elena Callegari** (Oslo)
Nobody likes 'everyone': The interpretation of quantified questions

Franziska Rück, **Carolin Dudschig**, **Ian G. Mackenzie**, **Hartmut Leuthold** & **Barbara Kaup** (Tübingen)
Why are false negatives relatively easy to process? Investigating the effects of predictability when controlling for lexical associations

Ankelien Schippers[1], **Margreet Vogelzang**[2] & **David Öwerdieck**[1] ([1]Oldenburg, [2]Cambrigde)
Processing COMP-trace violations in German

Vivian Schreier (Tübingen)
Integration of restrictive and non-restrictive relative clauses

Larissa Specht & **Britta Stolterfoht** (Tübingen)
Incrementality in the processing of adverbial order variations

Thanh Lan Truong & **Andrea Weber** (Tübingen)
Trust issues: The effect of speaker age on credibility

Evripidis Tsiakmakis, Joan Borràs-Comes & **M. Teresa Espinal** (Barcelona)
Greek polydefinites at the interfaces

Sophia Voigtmann & **Augustin Speyer** (Saarbrücken)
Information density as a factor for syntactic variation in Early New High German
