Courses & Housing

Courses

On our [website](#) you can find the courses that are open to exchange students. The courses are listed by semester and by level:

- *Introductory* means that there are no specific entry requirements, no previous knowledge in that field of study is required.
- *Intermediate* means that students need basic knowledge in that field of study. This must be supported by the student's transcript of records.
- *Advanced* means that students can only be admitted to the course if their degree programme or major is in that field of study.
- *MA/master* means that students need a Bachelor's degree in that field of study. Students cannot apply unless they have a BA in the relevant field of study. The enrolment officer will always discuss the student's admittance with the department..

Registration for courses

Students cannot register themselves for courses, they will be registered by the Office for Student Affairs after assessment of their file and course selection.

Student Housing

The University of Groningen is located in various parts of the city and is not a campus university. Students have to find their own accommodation, but the housing situation in Groningen can be difficult for international students.

The University of Groningen has reserved accommodation with SSH. SSH offers basic furnished rooms in international student houses. The [website of SSH](#) contains more detailed information about the types of accommodation on offer, the rental conditions, and the procedure. Have a look at the website [At home in Groningen](#) as well. The Municipality of Groningen has recently also started a collaboration with [Hospi Housing](#), which connects students with verified local hosts and guest families.
