

Evolution and Ecology Research School Tübingen (EVEREST)

## Registration Form

Submit this form to the EVEREST coordinators *immediately after registering* as a PhD student with the Faculty of Science. We then officially enrol you in EVEREST to provide the full benefits of participating in the research school. We fully respect the privacy of your data. Yet, to document your involvement in EVEREST online, we kindly request permission to publish the data marked with #. You can withdraw your permission anytime.

<b>Personal information</b>	
First name <sup>#</sup>	Family name <sup>#</sup>
Date of birth	Born in
Nationality	Fluent command of languages:
Private address	
Postal code	Town/Country
Private phone number	Private email address (as 2 <sup>nd</sup> option)
<b>Place of your PhD work</b>	
Starting date of work <sup>#</sup>	Funded by
Work address <sup>#</sup> Institute: Street:	
Postal code	Town
Work phone number	University email address
<b>Previous education</b>	
Master / Diploma / Honours degree subject (e.g. Ecology)	
Thesis title	
Done at the University of	Institute
Supervisor(s) of undergraduate thesis work	

<b>PhD supervision (as registered with the Faculty of Science)</b>	
Preliminary thesis title <sup>#</sup>	
First supervisor <sup>##</sup> *	Work group
Institute	Institution (University, MPI, ...)
Second supervisor*	Work group
If outside EVEREST: Address, Email, phone	Institute/Institution

\*according to the doctoral regulations (Promotionsordnung) of the Faculty of Science, University of Tübingen

<b>Suggested Thesis Advisory Committee (TAC)</b>			
<p>The following list is your proposal – it is subject to approval by the EVEREST Board.            For detailed information on <i>Thesis Advisory Committees (TAC)</i> check → <i>EVEREST TAC forms and rules.pdf</i>.            In brief, the TAC provides regular feedback and exposes your PhD project to external evaluation and advice. A TAC has at least 3 (max. 5) members, typically from within EVEREST but externals are welcome if regular attendance to your TAC meetings is realistic. The TAC includes your first thesis supervisor and at least one EVEREST member from the Geosciences (for Biology students) or from Biology (for Geosciences students).</p>			
Proposal	Name of advisor	Work group	Advisor already agreed (Y/N)?
Advisor 1 <sup>#</sup>			
Advisor 2 <sup>#</sup>			
Advisor 3 <sup>#</sup>			
Advisor 4 <sup>#</sup>			
Advisor 5 <sup>#</sup>			

<b>You on the EVEREST Website</b>
<p>Please write a few sentences about your general research interests and the methods used during your PhD (<a href="#">examples</a>). Please also send a picture of yourself to the EVEREST coordinator to be uploaded to the website.</p>
