

23. Mai 2018

Lectures in the Bachelor Biochemistry of the University of Tübingen taught in English

The following lectures in the Bachelor Biochemistry are taught in English:

<i>Name of Lecture</i>	<i>Total SH</i>	<i>SH given in English</i>
Biochemistry I (basic chemistry and biochemistry)	4	0,5
Biochemistry II (proteins, nucleic acids)	3	1,5
Biochemistry III (metabolism)	4	4
Biochemistry IV (cellular biochemistry)	3	1,5
Bioinformatics	2	2

SH = semester credit hour

These lectures are part of the following modules:

<i>Name of the Module</i>	<i>Type of class (SH)</i>	<i>Total-ECTS</i>
Biochemistry I (basic chemistry and biochemistry)	- Lecture Biochemistry I (4 SH) - Exercise Biochemistry I (2 SH) - Practical course with Seminar Biochemistry I (4 SH)	12
Biochemistry II (proteins, nucleic acids)	- Lecture Biochemistry II (3 SH) - Seminar Biochemistry II (0,5 SH) - Practical course Biochemistry II (4 SH) - Seminar in the Practical course Biochemistry II (0,5 SH)	12
Biochemistry III (metabolism)	- Lecture Biochemistry III (4 SH) - Seminar Biochemistry III (1 SH) - Practical course Biochemistry III (3 SH) - Seminar in the Practical course Biochemistry III (0,5 SH)	10
Biochemistry IV (cellular biochemistry)	- Lecture Biochemistry IV (3 SH) - Seminar Biochemistry IV (0,5 SH)	5
Bioinformatics	- Lecture (2 SH) - Exercise (1 SH) - Practical course (2 SH)	6

In addition, the students can choose additional classes in English in their last year.
