

# 22<sup>nd</sup> European Workshop on White Dwarfs

August 15 – 19, 2022

Tübingen  
Germany

WD Structure and Evolution

WD Progenitors and Central Stars of Planetary Nebulae

WDs as Probes of Mass Loss, Local Star-Formation History,  
and Initial-Mass Function

WDs in New Surveys

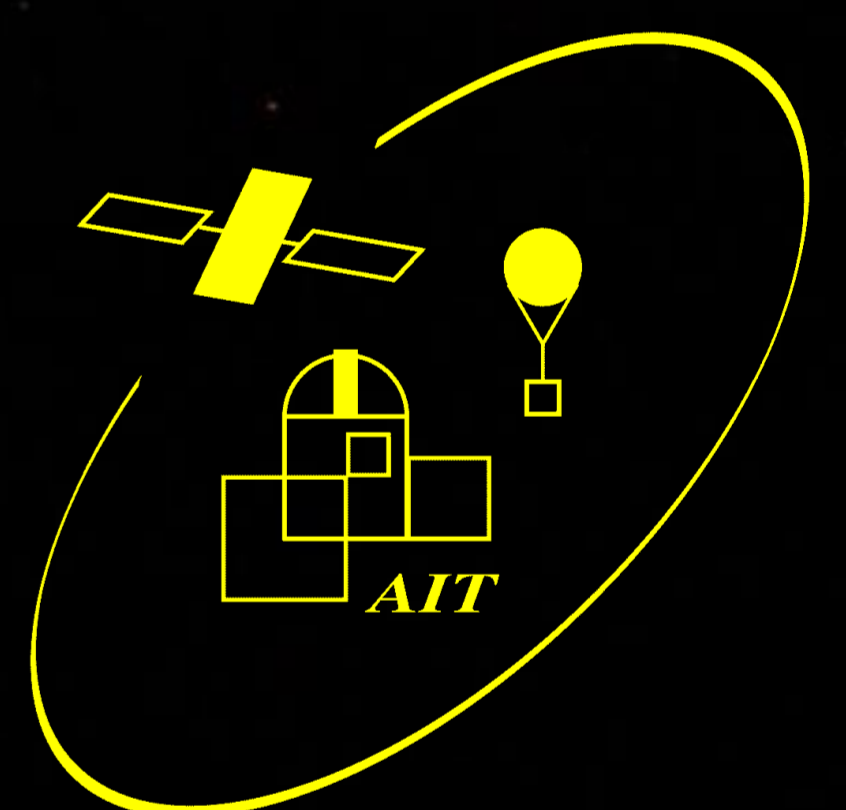

WDs in Binaries: CVs, SN Ia Progenitors, Super-Soft X-ray Sources,  
Double-Degenerates, WD/Brown-Dwarf Systems

WD Dust Disks and Planetary Systems

WDs in Stellar Clusters and in the Halo

WD Atmospheres, Chemical Composition, and Magnetic Fields

WD Pulsators
