

"We connect science to life for a better future."

LG Chem Europe GmbH is an integral part of LG Chem Ltd., a global leader in the chemical industry. Our core businesses include petrochemicals, advanced materials, and life sciences. As the European hub, LG Chem Europe GmbH houses our business service center, R&D center, and technical plastics sales office for the entire continent.

Headquartered in Seoul, South Korea, LG Chem Ltd. employs more than 19,250 people worldwide. As part of the LG Group, we are connected to a vast network of 63 business units and a total of 270,000 employees worldwide. This extensive network, combined with our commitment to innovation and sustainability, makes us a dynamic and forward-thinking employer dedicated to both global impact and local excellence.

For our Frankfurt office, we are looking for Interns (**6 Months period; starting from 01.07.2024**):

Internship Marketing / Inside Sales (m/f/d)

Responsibilities:

- You will assist with inside-sales tasks, such as registering new customers and managing credit limits
- You will maintain sales-related systems as a system administrator on the business side
- You will cooperate with sales representatives and the logistics team to monitor free sample deliveries
- You will collect data from sales reports for analysis and process it using MS Office tools such as Excel

Experience Requirements / Competencies:

- Safe handling of MS Office programs (Microsoft Excel, PowerPoint, Word, etc.)
- Fluent in English (Spanish and German is a plus)
- Customer and service-oriented work attitude
- Structured, self-dependent, precise and solution-oriented way of working

Our Offer:

As a thriving international company, we provide you with:

- A collegial working environment with appropriate scope for action and decision-making

- Flexible working hours
- A new and modern office including an ergonomic workstation
- Laptop
- Training opportunities
- Good connection with car and public transportation

Interested?

If you would like to accept this interesting challenge and have the necessary qualifications, please apply with your complete application documents in English, stating your salary expectations and your earliest possible starting date to bewerbung@lgchem.com

We look forward to seeing you!
