

\*) Course types:

- Curricular course: You attended this course during your studies, because it was either mandatory for your program or a required elective course.
- Curricular internship: This internship was required for your studies.
- Extracurricular course/internship: You attended this course or internship, but it was not required by your program.
- Thesis: This practical work was part of your thesis.
- Work experience: Work experience you gained after your studies.

\*\*\*) Demonstration course: In demonstration courses the practical experiments are not performed by students themselves but by supervisors or tutors. Please uncheck the box if you have performed the experiments during this course yourself.
