Gliederung

1. The concept of **TECHNO**-Security
2. Understanding Technology as Culture: Norms, Standards, Infrastructures
3. Militarization of Everyday Life
4. The concept of Techno-**SECURITY**

“Uniforms strut with dogs
Find a fingernail clipper
Command, Spread your legs,
hands up, unbuckle
that belt, let it drop.
Now my shoes provoke
Security designed to make me
bow down, tolerate any invasions.”

Renato Rosaldo
