

Tübingen, 11.07.2019

Mini symposium on “Live (and high-resolution) cell imaging”

Time: *Thursday, July 25, 2019*

Location: *Institute of Pharmacy, 9th floor, 9A29*

Program:

13:00	Sandra Burgstaller, M.Sc., <i>Graz</i>	Shining a light on local and global pH dynamics
13:30	Helmut Bischof, PhD, <i>Graz</i>	Development of genetically encoded K ⁺ indicators and their usage in enlightening cell metabolism
14:00	Moritz Lehnert, Dipl., <i>Tübingen</i>	cGMP Signaling: Now Live and in Color
14:30	Tassula Proikas-Cezanne, Prof. Dr., <i>Tübingen</i>	Control of autophagy by WIPI β-propellers
15:00	Ulrich Rothbauer, Prof. Dr., <i>Tübingen/Reutlingen</i>	Nano- and Chromobodies: Small binders to connect biochemistry and cell biology

Guests are cordially invited!

Host: Robert Lukowski, robert.lukowski@uni-tuebingen.de
