

# Diversity-Oriented Writing Center

Founded at the end of 2011, the Writing Center of the University of Tübingen is an invaluable service for students, doctoral candidates, and teachers from all subjects and levels. It adheres to an explicit diversity-oriented mission: to advance the individual potential of the students and to work together to find solutions for their specific concerns in academic writing. As a kind of diversity management, it is committed to respecting and promoting diversity at the University of Tübingen.

Vital to the implementation of the Writing Center are several aspects: the conception of diversity-oriented writing workshops, the development of tutoring in all forms of academic writing, and the organization of writing events (such as the Long Night Against Procrastination). Also central is the education of peer tutors and their commitment to providing comprehensive writing help.
