

Technical Excursion to Hohenheim

The Hohenheim excursion is scheduled for March 23rd, running from approximately 8:00 am to 5:30 pm. Participants will have the opportunity to explore several notable attractions, including the University of Hohenheim's greenhouse, a brief tour of the castle, and a visit to the Agriculture Museum.

The Phytotechnikum research greenhouse is a state-of-the-art facility equipped with advanced climate control systems, automated irrigation, a mobile fertilization machine, and more. Meanwhile, the Agriculture Museum offers insights into the history of farming, food processing, motorization, and rural life.

Transportation will be via public transport, with the group departing from Tübingen at 8:14 AM (meeting at 8:00 AM).

Date: 23.03.2024
