

Advanced Time Series - Practical Class

Time: Tuesday 12:15-13.45

Location: PC-Lab

Start: 27st October 2009

First session: Introduction to Gauss

Following sessions: Assignment sheets covered in class

Practical Class - Grading I

You have to hand in **2** assignments: One before the Christmas break, one afterwards.

Exact dates will be announced on the internet and in the practical class.

→ assignments will be graded and will make up **30%** of the final grade

Practical Class - Grading II

Assignments that are handed in for grading include:

- A running Gauss code for the tasks (text file that contains program code)
- A pdf-file that includes the results (graphs or/and tables) and a short description and interpretation of the results and their background (app. 2 pages).

Assignments have to be handed in before the next session via mail to:

`franziska-julia.peter@uni-tuebingen.de`

Assignments can be handed in alone or in groups of no more than 2 students
