

Hans Machleidt Symposium
2024, October 18th, 10am
Interfaculty Institute of Biochemistry (IFIB)
Lecture Hall 2T26, Auf der Morgenstelle 34

10:00 Welcome Addresses

Prof. Dr. Dirk Schwarzer - director of the IFIB

Prof. Thomas Gasser – vice dean research, Medical Faculty

Prof. Klaus Harter – vice dean research, Faculty of Science

10:20 Prof. Stephan Hailfinger, Translational Oncology Department, Medical Clinic A, University Hospital Münster

“Old friends for new problems - novel concepts to treat lymphoma“

11:00 Prof. Sabrina Büttner, Department of Molecular Biosciences, Stockholm University and Institute of Integrative Cell Biology and Physiology, University of Münster

„Organelle connectivity during cellular aging“

11:40 Prof. Dr. Hans Machleidt und Dr. Sieglinde Göhring-Machleidt-Foundation
Biochemistry Innovation Award Ceremony to **Dr. Daniel Stehle**, University of California

12:20 Lunch break

13:15 Presentation of the teaching awards by the biochemistry student council

13:30 Prof. Jan Riemer, Institute of Biochemistry, University of Cologne
„Redox Processes in Mitochondrial Biogenesis and Function“

14:10 Prof. Dr. Lisa Maier, Interfaculty Institute of Microbiology & Infection Medicine, University of Tuebingen
„Drug-microbiome interactions and their consequences on the host“
