

## Programme EHB 2016 - Economics and Human Biology

Room A - Festsaal			
Time	Session	Presenter	Title
<b>Saturday, 15th October 2016</b>			
11:00 - 11:45	Opening Session	Jörg Baten (U Tübingen)	Introduction
	Keynote lecture	Stephan Klasen (U Göttingen)	Drivers of undernutrition and overnutrition in developing countries
11:45 - 12:45	Long-Run History of Health I	Richard H. Steckel / Clark Spencer Larsen (Ohio State U)*	The European Project: Introduction to Goals, Materials and Methods
		Gisela Grupe (LMU Munich) / Rimantas Jankauskas (Vilnius U)*	Contextual Dimensions of Health and Lifestyle: The Archaeological and Historical Record
12:45 - 13:00	Coffee break		
13:00 - 14:00	Long-Run History of Health II	Richard H. Steckel (Ohio State U)*	Summary Measurement of Health and Wellbeing: The Health Index
		Felix Engel (U Freiburg)* / Richard H. Steckel (Ohio State U)	Climate and Health
14:00 - 15:00	Lunch break		
15:00 - 16:00	Presentation in Walking (see below)		
16:00 - 16:15	Coffee break		
16:15 - 17:15	Long-Run History of Health III	Ursula Wittwer-Backofen/ Felix Engel (U Freiburg)	Oral Health: Dental Caries, Abscesses, Antemortem Tooth Loss
		Charlotte Roberts (Durham U)	The Developmental Origins Hypothesis: Evidence from Skeletal Remains
17:15 - 17:30	Coffee break		
17:30 - 19:30	Long-Run History of Health IV	Carina Marques /Vitor Matos (U Coimbra)	Nonspecific Indicators: Periostitis of Ancient Skeletons
		Zsolt Bereczki (U Szeged) / Maria Teschler-Nicola (U Vienna)*	Growth Disruption in Children: Linear enamel Hypoplasia of early-modern human remains
		Anastasia Papanasiou (Greek Ministry of Culture) / Clark Spencer Larsen (U Ohio State)*	Anemia and Related Nutritional Deficiencies: Evidence from Cribra Orbitalia and Porotic Hyperostosis
		Nicholas Meinzer (U Tübingen) / Richard H. Steckel (Ohio State U) / Jörg Baten (U Tübingen)*	Body Size and Activity Inference: Femur Length and Midshaft Index
19:30 - 19:40	Break		
19:40 - 20:10	Keynote lecture	George L Wehby (U Iowa)	Genetic Risks for Chronic Conditions: Implications for Long-Term Wellbeing and Healthcare Expenditures
ab 20:10	Social program & Reception		
<b>Sunday, 16th October 2016</b>			
08:00 - 08:30	Keynote lecture	John Hoddinott (Cornell U)	Chronic undernutrition: Retrospect and prospects
08:35 - 10:05	Long-Run History of Health V	Clark Spencer Larsen (U Ohio State) / Kimberly Williams (Temple U)*	History of Degenerative joint Disease: Inferences about Lifestyle and Activity
		Jörg Baten (U Tübingen) Richard H. Steckel (Ohio State U)	Patterns of Traumatic Injury and Violence
		Eva Rosenstock (FU Berlin)	Nature and nurture: body height variation in Southwest Asia and Europe from ca. 40 000 to 1000 BC
10:05 - 10:20	Coffee break		
10:20 - 12:20	Long-Run History of Health VI	Joachim Wah/Anne Merker (U Tübingen)	Isotope Analysis, Nutrition, and Growth during the Early Medieval Period in Southwest Germany
		Jean-Pascal Bassino (ENS Lyon) Mark Hudson (U of West Kyushu)	Environmental change and biological wellbeing in Japan since ca. 10,000 BP
		Heinrich Härke/Nicholas Meinzer (U Tübingen)	Regional environmental characteristics and differences in living standards in the early Middle Ages
		Marta Díaz-Zorita Bonilla (U Tübingen)	Bioarchaeology, social organisation and social hierarchisation in Iberian Copper Age: Valencina de la Concepción (Seville, Spain)
12:20 - 13:20	Lunch break		
13:20 - 14:20	Height, Gender and Crisis in Central Europe, 19th century	Joel Floris/Nikola Koepke (U Zürich)	Female height in Switzerland since the early 19 <sup>th</sup> century
		Ewout Depauw (Ghent U)	Crisis effects and gender differences in nineteenth-century Belgium. Evidence from children's height in prison records
14:20 - 14:30	Coffee break		
14:30 - 15:30	Pregnancy and early life conditions	Mark McGovern (Queen's U Belfast)	A Review of the Evidence Linking Stunting to Economic Outcomes
		Tim Bruckner (U California)	Spontaneous Pregnancy Loss in Denmark following Economic Downturns
15:30 - 16:00	Keynote lecture	Climent Quintana-Domeque (Oxford U)	Choosing Season of Birth: The Role of Biological and Economic Constraints

Room B - 605			
Time	Session	Presenter	Title
<b>Saturday, 15th October 2016</b>			
11:00 - 11:45	Programme in Room A		
11:45 - 12:45	Fertility and Child Health	Eric B. Schneider (London School of Economics)	The economics and biology of shifting growth: The growth pattern of British children, 1850-1975
		Suparna Shome (Indian Statistical Institute)	Determinants of birth weight of Indian babies
12:45 - 13:00	Coffee break		
13:00 - 14:00	Historical Development in Latin America	Rafael Dobado-González (Complutense U Madrid)	Men's height in late eighteenth-century Mexico: a matter of genes, geo-history and socioeconomic status?
		Amilkar Challu (Bowling Green State U)	Biological Wellbeing and the Long "Lost Decade" in Mexico
14:00 - 15:00	Lunch break		
15:00 - 16:00	Presentation in Walking (see below)		
16:00 - 16:15	Coffee break		
16:15 - 17:15	Nutrition in South Asia	Aravinda Guntupalli (Open U)	Gender differences in the biological welfare of Indians in the nineteenth and the twentieth centuries
		Rosemary Isoto (Ohio State U)	Heterogeneous Effects of MGNREGS on Health Outcomes of Children in India: Evidence from Panel Data
17:15 - 17:30	Coffee break		
17:30 - 19:30	Obesity I	Marco Sunder (U Bremen)	The dynamic effect of body weight on earnings and satisfaction
		Kris Inwood (U Guelph)	Identifying and explaining the long-run pattern of BMI increase in Canada, New Zealand and Australia
		Natalia Malancu (U Pompeu Fabra Barcelona)	Big, Fat Paycheck: An Australian Tale of Wage Differentials by Nativity Accounting for Body Size
		Michael Hermanussen (Aschauhof)	As tall as my peers. Stature signals status
19:30 - 19:40	Break		
19:40 - 20:10	Programme in Room A		
ab 20:10	Social program & Reception		

<b>Sunday, 16th October 2016</b>			
08:00 - 08:30	Programme in Room A		
08:35 - 10:05	Trends in Height: Europe and West Asia	Basak Koca Ozer (Ankara U)	Evaluation of secular changes in height and weight of preschool children from Turkey over the past 40 years
		Ramon Ramon-Muñoz (U Barcelona) *	Did sibship size affect biological living standards? Evidence from late nineteenth century Catalonia
		John Komlos (LMU Munich)	The antebellum decline in the nutritional status of the U.S. population at the onset of modern economic growth
10:05 - 10:20	Coffee break		
10:20 - 12:20	Obesity II	Premananda Bharati (Indian Statistical Institute)	Overweight and obesity in Indian adult population
		Susmita Bharati (Indian Statistical Institute)	An Investigation into the Causes of Overweights and Obesity among 6-10-year-old Children in Kolkata
		Daniel Jong Schwewendiek (Sungkyunkwan U)	The Biological Standard of Living in Interwar South Korea: Evidence from Body Mass Index of Bank Employees
		Manoranjan Pal (Indian Statistical Institute)	Comparing methods for assessing overweight and obesity of children in India
12:20 - 13:20	Lunch break		
13:20 - 14:20	Obesity III	Kaspar Staub (U Zürich)	From growth in height to growth in breadth": The changing body shape of young men in Germany and Switzerland over the 20th century
		Ali Fasih (Lebanese American University)	An Empirical Analysis of Urban-Rural Female Obesity: Some New Evidence from the Middle East and North Africa Region
14:20 - 14:30	Coffee break		
14:30 - 15:30	Macroeconomic Factors, Height and Health	Lisa Oberlander (Paris School of Economics)	Trade openness and the nutrition transition: empirical evidence from macrodata
		Tim Hatton (Australian National U)	Determinants of Height in India, 1950-1990
15:30 - 16:00	Programme in Room A		

<b>Room C - 606</b>			
<b>Time</b>	<b>Session</b>	<b>Presenter</b>	<b>Title</b>
<b>Saturday,</b>			
11:00 - 11:45	Programme in Room A		
11:45 - 12:45	Labor market	Evan Roberts (U Minnesota)	Early life conditions, mid-life health and mortality in American women
		Carlos Varea/ José Manuel Terán de Frutos (Universidad Autónoma de Madrid)	Employment disparities and birth outcome in Spain (2003-2013)
12:45 - 13:00 Coffee break			
13:00 - 14:00	Inequality	Alessandro Tarozzi (U Pompeu Fabra, Barcelona)	Child Nutritional Status and Inter-generational Transmission of Health: Evidence from Indian Migrants in England
		Roberto Vélez Grajales (Centro de Estudios Espinosa Yglesias)	Heights and Intergenerational Mobility in Mexico (1962-1986): Who is Moving Up and Down on the Social Ladder?
14:00 - 15:00 Lunch break			
15:00 - 16:00 Presentation in Walking (see below)			
16:00 - 16:15 Coffee break			
16:15 - 17:15	Mortality	Ulrich Woitek (U Zürich)	Changes in Mortality in Switzerland, 1870-1910
		Vellore Arthi (Oxford) Eric B. Schneider (LSE)	The Influence of Early-Life Nutrition and Disease Exposure on Children's Growth and Mortality: Evidence from the Founding Hospital
17:15 - 17:30 Coffee break			
17:30 - 19:30	Nutrition, Education and Ageing	Matthias Blum (Belfast U)	WW2 refugees and the transfer of human and health capital to the United States, 1940-42
		Slawa Rokicki (Harvard)	The Long Run Returns to Being Breastfed: Effects on Economic and Cognitive Outcomes
		Suchit Arora (Ohio State U)	On The Time-varying Segments of Aging
		Kitae Sohn (Konkuk U)	Height Inequality in East and Southeast Asia
19:30 - 19:40 Break			
19:40 - 20:10 Programme in Room A			
ab 20:10 Social program & Reception			

<b>Sunday, 16th October 2016</b>			
08:00 - 08:30 Programme in Room A			
08:35 - 10:05	Height and Inequality	Rebekka Mumm (U Freiburg)	Inequality and Community Effects on Height of Youth
		Alexander Moradi (Sussex U)	The value of roads: distance to market and the impact of rainfall on children's health in West Africa
10:05 - 10:20 Coffee break			
10:20 - 12:20	Eastern Europe	Michael Pammer (U Linz)	Childhood diseases in decline: Diphtheria and scarlet fever
		Elena Godina (Russian U of Physical Education)	Growth and development of Abkhazian children in the context of socioeconomic and political changes
		Slawomir Koziel/ Aleksandra Gomula	Decomposition of secular trend in height in children between 1966 and 2002 in Poland
		Bartosz Ogórek (Pedagogical U Crakow)	„Talented, but Lazy”. The Socio-economic Status Height and Educational Performance of Krakow's schoolboys in the interwar period
12:20 - 13:20 Lunch break			
13:20 - 14:20	Public Health	Daniel Gallardo Albarrán (U Groningen)	Public health and the German urban mortality decline (1877-1913)
		Frank Lichtenberg (Columbia U)	The impact of pharmaceutical innovation on premature mortality, hospital separations, and cancer survival in Australia
14:20 - 14:30 Coffee break			
14:30 - 15:30 Programme in Room A and B			
15:30 - 16:00 Programme in Room A			

**Presentation in Walking**

Jessica Baier (U Tübingen)	
Gabriele Cappelli (U Autónoma Barcelona)	Anthropometric Inequality, Education and Social Capital
Slawomir Koziel/Aleksandra Gomula (Polish Academy of Sciences)	Height, weight, and age at menarche as a reflection of socio-economic changes – looking for the most sensitive indicator.
Lisa Martin (U Tübingen)	
Daniel Steinberg (U Tübingen)
