

SAVE THE DATE

**11th German-Brazilian Symposium
for Sustainable Development**

Towards a Resilient and Safe Future

University of Tübingen - Germany | March 20-23, 2024

*****Deutsche Version unten*** | *** Versão em português abaixo*****

The **11th German-Brazilian Symposium on Sustainable Development** has the motto "**Towards a Resilient and Safe Future**". The aim of the event, which is held alternately in Brazil and Germany, is to provide a platform for inter- and transdisciplinary exchange. This time, the focus is particularly on issues of **resilience, value creation, food security** and equitable **access to water**.

The symposium will take place in Germany at the **University of Tübingen** from **March 20-23, 2024**. The **Baden-Württemberg Center for Brazil and Latin America**, assisted by **University of Hohenheim** and the **Leuphana University** (Lüneburg), is responsible for organizing this event.

In addition to plenary lectures, thematic sections and a poster session, open discussion sessions will comprise the program. On the agenda are the following four main topics:

- A: Resilience and Adaptation for Sustainable Agri-Food Systems**
- B: Strengthening Resilience by Drug Development and Innovative Medical Treatments**
- C: Green Innovation and Circular Economy for Life and Food**
- D: Human Resilience and Climate Justice**

We would be happy to welcome you in the beautiful city of Tübingen.

O **11º Simpósio Brasil-Alemanha de Desenvolvimento Sustentável** tem como tema "**Towards a Resilient and Safe Future**". O objetivo do evento, que acontece alternadamente no Brasil e na Alemanha, é oferecer uma plataforma para o intercâmbio inter- e transdisciplinar. Desta vez, o foco é nas discussões sobre **resiliência, valor agregado, segurança alimentar e acesso adequado à água**.

O simpósio será realizado na Alemanha, na **Universidade de Tübingen**, de **20 a 23 de março de 2024**. O **Centro Brasileiro e Latino-Americano de Baden-Württemberg** é responsável pela organização do evento, juntamente com a **Universidade de Hohenheim** e a **Universidade de Leuphana (Lüneburg)**.

Além das palestras plenárias, das seções temáticas e da sessão de pôsteres; rodadas de discussão aberta também compõem o programa. Os quatro principais tópicos em pauta são:

A: Resilience and Adaptation for Sustainable Agri-Food Systems

B: Strengthening Resilience by Drug Development and Innovative Medical Treatments

C: Green Innovation and Circular Economy for Life and Food

D: Human Resilience and Climate Justice

Esperamos recebê-los na bela cidade de Tübingen.

Mais informações sobre o evento, a programação, submissão de trabalhos e as inscrições serão publicadas em breve!

*****Deutsche Version unten*****

Das 11. Deutsch-Brasilianische Symposium zur nachhaltigen Entwicklung steht unter dem Motto **“Towards a Resilient and Safe Future”**. Das Ziel der Veranstaltung, die abwechselnd in Brasilien und Deutschland stattfindet, ist es, eine Plattform für den inter- und transdisziplinären Austausch zu bieten. Diesmal richtet sich der Blick besonders auf Fragen der **Resilienz**, der **Wertschöpfung**, der **Nahrungssicherheit** und des gerechten **Zugangs zu Wasser**.

Das Symposium findet **vom 20. bis 23. März 2024** in Deutschland **an der Universität Tübingen** statt. **Das Baden-Württembergische Brasilien- und Lateinamerika-Zentrum** ist zusammen mit der **Universität Hohenheim** und der **Universität Leuphana** (Lüneburg) für die Organisation dieser Veranstaltung verantwortlich.

Neben Plenar- und Sektionsvorträgen und einer Poster Session bestimmen Workshops und Offene Diskussionsrunden das Programm. Auf der Tagesordnung stehen folgende vier Hauptthemen:

- A: Resilience and Adaptation for Sustainable Agri-Food Systems**
- B: Strengthening Resilience by Drug Development and Innovative Medical Treatments**
- C: Green Innovation and Circular Economy for Life and Food**
- D: Human Resilience and Climate Justice**

Gerne würden wir Sie/Euch im schönen Tübingen begrüßen.
