Are you interested in Data Science? Do you enjoy working with R and/or Python? Are you passionate about shaping how students learn to use these tools for data analysis? If so, we'd love to hear from you! We're currently looking for a ...

# Student Assistant (*Studentische Hilfskraft (m/w/d)*) in Data Science (approx. 25 h/month)

## What we are looking for:

- You are an above-average student at the School of Business and Economics or in a related field with an interest in Data Science.
- You have some knowledge of R and/or Python and experience (or a willingness to learn) in data analysis.
- You are a reliable and flexible team player with an organized and detail-oriented work style.

#### What you can expect:

- The opportunity to contribute to the preparation and redesign of key components in our teaching portfolio for Data Science and related subjects.
- Support our team by creating slides (using LaTeX or R Markdown), developing code elements in R and Python, and crafting empirical examples in these languages.
- Gain hands-on experience in exciting research projects, including tasks like data analysis, code review, and practical applications.
- Be part of an open, integrative, vibrant, and supportive team that is passionate about delivering cutting-edge learning experiences for the next generation of students.

### Interested?

If these descriptions appeal to you, we look forward to your application! This position is initially offered for 6 months, with the possibility of extension. Please send the required documents (a letter of motivation, CV, and Transcript of Records) as a single PDF file by **December 15, 2024,** via e-mail to <u>m.ritter@uni-tuebingen.de</u>.
