

AEG 2000

Miikka Tunturi

I'm living in Finland

My occupation

Environmental Remediation Specialist; particular expertise on remediation and survey of contaminated soil, groundwater and sediments; currently a freelancer for one contractor (Lamor Corporation Ab) and two consulting companies.

My AEG time

It was the time of my life! Besides having a great time with the best people in beautiful surroundings, I benefitted professionally about learning scientific background of in-situ site remediation methods.
