

## **Write your Master's Thesis at the RSIT**

The Research School of International Taxation (RSIT) is an interdisciplinary team of researchers from the School of Business and Economics as well as from the Faculty of Law. Our research emphasizes policy-relevant topics in international taxation and cross-border activities of multinational companies. We host the research unit "Understanding the Behaviour of Multinational Corporations in the Context of International Tax Institutions" funded by the German Science Foundation (DFG). To learn more about us, visit "[rsit-uni-tuebingen.de](http://rsit-uni-tuebingen.de)".
