# Feel at home

Secure a room in UTS Housing or get information and assistance on a range of private accommodation options.

## UTS-OWNED ACCOMMODATION

UTS's student housing is called Yura Mudang. It is located close to campus and has a spacious communal and barbecue area, study rooms, games and computer rooms and a music room.

UTS Housing is self-catered, secure and competitively priced. Most bedrooms are for one person (except twin shares), with shared kitchens, bathrooms and living areas. Apartments are fully furnished and rent includes gas, electricity, water, cabled internet in bedrooms and limited wireless internet access in communal areas. You will need to provide your own bed linen and cooking equipment.

Due to the high volume of accommodation requests, UTS Housing has also sourced reserved beds for students with off-campus providers (Scape, Urbanest, Unilodge and Iglu).

## RENTING PRIVATE ACCOMMODATION

If you are organising private accommodation, we recommend you arrange short-term accommodation in Sydney so you can view properties on your arrival and choose something that really suits your needs for the long-term. Visit UTS Housing's off-campus accommodation website, to find share rooms in private houses and apartments around UTS: [uts.studystays.com.au](http://uts.studystays.com.au)

**Share accommodation** means you usually have your own room and share a kitchen, living area and bathroom with other students or people who work. Alternatively, you may choose a studio or one-bedroom apartment to live in on your own, but this is more expensive.

All accommodation rentals should come with a residential or tenancy agreement. If you need any help or advice, please contact the UTS Housing Off-Campus Officer at [housing.welfare@uts.edu.au](mailto:housing.welfare@uts.edu.au) or the UTS Student Legal Service at [studentlegalservice@uts.edu.au](mailto:studentlegalservice@uts.edu.au) who are here to help you.

## LIVING COSTS

The table opposite details approximate establishment and ongoing costs you may incur while studying at UTS and living in Sydney. This table should be used only as a guide, as individual spending may vary.

## ESTABLISHMENT COSTS

You should expect to pay approximately A\$4200 start-up or establishment costs for independent accommodation. (Allow an additional A\$1000 to \$1500 for a computer and printer, if required.) These costs include items such as a rental accommodation bond (four weeks' rent), rent in advance, linen, furniture, telephone and internet connection, kitchenware, personal items and electricity connection, and must be budgeted for.

For UTS Housing, you will need to budget for the registration admin fee, acceptance fee, bond fee (equivalent of 4 weeks' rent), two weeks rent in advance and any personal items you wish to purchase.

## Accommodation tips

- Don't pay any money before viewing and being satisfied with a non-UTS property. Until you arrive and get a feel for the area you want to live in, you won't know whether it is right for you.
- During Orientation, UTS Housing hosts specific accommodation sessions and has an accommodation information stand where staff can guide and support you with your accommodation search.
- Consider the UTS Housing Priority Placement for Study Abroad and Exchange students.
