I love the vibe here. It's near the beaches and I love surfing, so that's awesome. Transportation is so good, and I can get everywhere quickly and easily. It's really simple to meet people - there are lots of different events going on, so it's easy to fit in.

Most university programs in Australia go through to July and that would not allow me to do a summer internship back home in America. But since they switched to the 3+ term system here at UNSW, it works out perfectly for me.

Sydney is a safe, accessible and vibrant city, with public transport connecting the UNSW campuses to nearby beaches and the city centre.
