

Reinhard Frank Minisymposium **Tübingen Meets Boston Junior Researchers**

December 3, 2024

University of Tübingen,
Interfaculty Institute of Biochemistry, Lecture Hall

14:00 **GRK PI Meeting**

14:30 Welcome (Robert Feil)

Tübingen Junior Scientist Session (Chair: Joana Ibrahim-Bacha)

14:40 Timo Kopp (Interfaculty Institute of Biochemistry)

"Modulation of NO/cGMP Signaling by Infrared Light and Mechanical Forces"

15:20 Aylin Balmes (Institute of Applied Physics)

"The Role of cGMP Signaling in Biomechanics"

16:00 **Coffee Break**

Boston Junior Scientist Session (Chair: Daniel Lambton)

16:30 Benjamin Wolf (MGH/Harvard Medical School)

"Loco-regional Tumor Spread – the Importance of the Tumor Microenvironment"

17:10 Sandra Sulser Ponce De Leon (Boston University School of Medicine)

"The Role of KMT2D in Sprouting Angiogenesis During Development"

19:00 **Get Together at „Neckawa“** (formerly „Freistil“, Wöhrdstraße 25, Tübingen)
