

AEG 2004

Cristina Postigo

I'm living in Barcelona/Spain

My occupation

Researcher at the Department of Environmental Chemistry
Institute of Environmental Assessment and Water Research
(IDAEA-CSIC)

My AEG time

Despite the fact that MSc thesis was mainly focused on a GIS application, AEG gave me the opportunity to start a PhD degree in the field of environmental analytical chemistry. All geochemistry learned during the AEG time has helped me interpret the analytical results.
