Applying for a Master in Bioinformatics   as of Oct 2022

Note: This is only a short summary, you will find more detailed information at:
https://www.uni-tuebingen.de/studium/bewerbung-und-zulassung/bewerbung-master.html

You can apply for a master in bioinformatics if you already have a bachelors degree in

- bioinformatics (so-called Variant A)

- biology or biochemistry (so-called Variant B)

- computer science (so-called Variant C)

- or a related affine field to bioinformatics. For detailed information see
  https://uni-tuebingen.de/en/study/finding-a-course/degree-programs-available/detail/course/bioinformatics-master/

Note: Students with a bachelor degree in pharmacy are not eligible to apply for a master in bioinformatics.

For all applicants: You will need an average grade point of 2.5 or better (NC: 2.5). Language proficiency proofs: For Variant A students a proof of English proficiency (B2 level) is sufficient. For Variant B and C: good German and English proficiency is necessary (B2 level). If you do not have a German Abitur or another degree from a German university you will need to provide a certificate to prove your German proficiency. You either need

- Deutsche Sprachprüfung für den Hochschulzugang - DSH-2

- Test Deutsch als Fremdsprache (TestDaF) - Niveaustufe 4

- Prüfungsteil Deutsch der Feststellungsprüfung an Studienkollegs

The application forms need to be filled out online at *https://alma.uni-tuebingen.de/*.
If you are a resident from a country outside of Europe the deadline for application is January, 15 if you are applying for the summer term, and July, 15 if you are applying for the winter term. Applicants from a European country can apply until March 15, and September, 15 for the summer and winter term, respectively.
You will need a copy of all your certificates (i.e., school grades, diplomas, language skills...) which you will be asked to send in by regular mail. Note: Only send copies, no originals, because you will not get them back. Additionally you have to upload all certificates in pdf format during the online application process.

If you have any questions about the temporal organisation of your course work please refer to *https://uni-tuebingen.de/en/176487*. Here you will find all study plans for the 3 respective variants as listed above.

To find out which lectures are held in the upcoming semester refer to
https://alma.uni-tuebingen.de/ → Studienangebot → -> 7 Mathematisch-Naturwissenschaftliche Fakultät -> Informatik
You will be able to navigate through all lectures sorted by subject, find out when and where they take place and if applicable how to register for the lectures.
If you have any general questions about how to register or which courses to choose you can always write an email to `studienberatung@informatik.uni-tuebingen.de` or directly to the respective professor of the lecture.
