

23.10.24__

Get-together between master's students & lecturers

All master's students and faculty in Neurobiology (Tübingen) are invited to attend.

30.10.24__

Dmitry Kobytkov

Centre for Mind/Brain Science | CIMeC | University of Trento | Rovereto, Italy

"Innate behaviors: what does a newborn chick know?"

Host: Nieder

06.11.24__

Jon Benichov

Neural Circuits for Vocal Communication | MPI for Biological Intelligence | Seewiesen

"A songbird forebrain circuit for interactive vocal coordination."

Host: Veit

11.12.24__

Jakob Macke

Machine Learning in Science, University of Tübingen & Tübingen AI Center

"Building mechanistic models of neural computations with simulation-based machine learning."

Host: Benda

22.01.25__

Gregor Rainer

Visual Cognition Laboratory | University of Fribourg | Switzerland

"Cognitive neuroscience in tree shrews."

Host: Nieder

29.01.25__

Nicola Sartorato

Neural Circuits and Behaviour | Institute for Neurobiology | University of Tübingen

"Behavioral modulation and plasticity of hippocampal place cells during immobility."

Host: Burgalossi
