

UNIVERSITÄT TUBINGEN  
STUDENTENSTATISTIK  
WINTERSEMESTER 1977/78

## V O R B E M E R K U N G

Die Daten der vorliegenden Statistik sind dem Erhebungsbogen für Studierende, WS 1977/78 entnommen. Dieser Erhebungsbogen wurde an den Universitäten des Landes Baden-Württemberg zur Erfassung aller ordentlichen Studierenden des WS 1977/78 von den Universitätsverwaltungen verwendet und nach einheitlichen Kriterien ausgewertet. Hierdurch ist es nun möglich, auch in Details der Studentenstatistiken der einzelnen Hochschulen des Landes Baden-Württemberg überregionale Vergleiche anzustellen und diese Bestandsstatistiken für Planungen im universitären und außeruniversitären Bereich zu verwenden.

Die Zuverlässigkeit der Daten wird beeinträchtigt durch unvollständige oder falsche Eintragungen der Studierenden, die durch Kontrollen und bei der Signierung in den Universitätsverwaltungen nicht bereinigt werden konnten. Um die Fehler zu minimieren, wurden zahlreiche Plausibilitätskontrollen den Auswertungsprogrammen vorgeschaltet. Die Datenfortschreibung berücksichtigt alle von den Studierenden dem Sekretariat mitgeteilten Änderungen gegenüber den Angaben bei der Rückmeldung oder Immatrikulation bis 15. Dezember 1977, dem Stichtag dieser Studentenstatistik.

Die vorliegende Studentendatei wurde von den Arbeitsgruppen des Hochschul-Informationssystems (HIS) in Baden-Württemberg unter Mitwirkung der Universitätsverwaltungen entwickelt. Den Statistiken "Studierende nach dem 1. Studienfach", "Studienfachbelegung nach Abschlußzielen" sowie eine Statistik "Zahl der Studienfachbelegungen (Studienhaupt- und Nebenfächer)", Stand 15. Dezember 1977, wird eine Übersicht über die Zahl der Studierenden und Gasthörer vorangestellt, um einen raschen Überblick über die Zahl der Studierenden in Tübingen zu ermöglichen und die Belastung der Fachbereiche und Universitätseinrichtungen durch für diese Fächer eingeschriebenen Studierende zu verdeutlichen.

In den einzelnen Statistiken sind alle ordentlichen Studierenden des WS 1977/78 enthalten, die am 15. Dezember 1977 immatrikuliert waren, also

Rückmelder, die schon im SS 1977 an dieser Universität eingeschrieben waren und Neuimmatrikulierte im WS 1977/78, die sich aufteilen in

Erstimmatrikulierte, die im WS 1977/78 im ersten Hochschulsesemester sind und Übrige mit mindestens zwei Hochschulsesemestern, die im SS 1977 nicht ordentliche Studierende an dieser Universität waren.

Die Beurlaubten sind in allen Zahlen enthalten.

Zu den einzelnen Statistiken:

Zahl der Studienfachbelegungen (Studienhaupt- und Nebenfächer)

In dieser Übersicht sind alle Fachbelegungen (Haupt- und Nebenfachbelegungen) von Studierenden enthalten, die sich für das betreffende Fach als 1. oder weiteres Studienfach eingeschrieben haben. Jeder Studierende wird in dieser Statistik nach der Zahl der belegten Fächer ein- oder mehrfach ausgewiesen. Die Summe "Gesamtzahl der Fälle" gibt die Anzahl der Fachbelegungen an der Universität Tübingen wieder und stimmt daher als Ergebnis der Fallstatistik mit der Zahl der Studierenden im WS 1977/78 nicht überein.

Studierende nach dem 1. Studienfach

Diese Auswertung enthält die Summe "Personen nach dem ersten Studienfach" für jedes Fach, d.h. alle Studierenden, die das betreffende Fach als erstes Studienfach belegt haben (bei Kombinationen von Haupt- und Nebenfächern wird in jedem Fall das 1. Hauptfach als 1. Studienfach behandelt). Jeder Studierende wird hier nur einmal ausgewiesen; bei Summierung über mehrere Fächer sind damit Doppelzählungen ausgeschlossen.

Die Spalte "Ausländer" umfaßt auch Staatenlose und Ausländer ohne (Nationalitäten-)Angabe.

Studierende nach Nationalitäten

Die Summen "Staatenlose" und "ohne Angaben" sind in dieser Statistik gesondert aufgeführt.

Studienfachbelegungen nach Abschlußzielen

Die Studierenden werden hier nach dem "Fallkonzept" ausgewiesen. In den Summen "Hauptfachfälle" und "Nebenfachfälle" sind alle Studierenden enthalten, die das entsprechende Fach belegt haben. Lehramtskandidaten sind in jedem ihrer angegebenen Fächer ausgewiesen.

Für diese Statistik erschien es notwendig, offensichtlich falsche Angaben der Studierenden durch Plausibilitätskontrollen zu verbessern. So werden u.a. Studierende der Medizin mit weniger als 5 Fachsemestern, die sich irrtümlich als Kliniker bezeichneten, zu den Vorklinikern gerechnet; andererseits werden Medizinstudenten mit bestandenem Physikum als Kliniker gezählt.

Studierende nach der ersten angestrebten Abschlußprüfung

Diese Statistik enthält die Summe der "Personen nach der 1. angestrebten Abschlußprüfung" d.h. alle Studenten, die diese Prüfung als nächsten Abschluß anstreben. Jeder Student wird hier nur einmal ausgewiesen.
