

## Peer-Assessment of Oral Student Presentations

Course	
Date	
Name of Presenter	
Title of Presentation	

	←low high→				
	1	2	3	4	5
<b>Content</b>					
The presenter is knowledgeable in the field					
According to my knowledge, the content of the presentation is correct					
All arguments presented are logical and comprehensible					
All statements and conclusions are substantiated by content presented before (rather than being just opinions)					
The level is adequate for the audience (neither too simple nor too difficult)					
The message of the presentation was:					
<b>Presentation Style</b>					
The presenter had a good time management					
The presentation was well structured					
It was easy to follow the presentation					
The presenter could freely present and communicated with the audience					
<b>Quality of Slides</b>					
All slides have the same, clear layout					
The text is well readable from the distance					
Slides are well arranged (not overcrowded, no unnecessary gimmicks)					
The slides did not distract me from following the oral presentation					
All figures are useful and comprehensible					
<b>References</b>					
All references are given					
All references are from scientifically trustworthy sources (peer-reviewed journals, textbooks, data sources of governmental agencies)					
Referencing follows a clear style					
<b>Individual Feedback</b>
