**When applying, you can only
give university preferences!**

The final decision on place
allocation is made by the
English Department.

Duration of stay

- Depending on the university, you can go abroad for one or two semesters (WS, SS, WS+SS).
- **Our partner universities usually have different semester/term dates than Tübingen!**
 - The winter semester in other countries is September – December/January.
 - The summer semester in other countries is February – June.
- **If you are going abroad during the summer, please keep in mind that the summer semester at your host university might overlap with Tübingen's winter semester!**
- For the exact term dates please refer to the individual host university's website.
- The EU Mobility Grant will be received for a maximum of 3 months (for 1 semester) or 6 months (for the academic year).

Things to keep in mind...

- (We only accept applications from students who study at the English Department.)
- **Our Erasmus+ co-operations are primarily aimed at undergraduates.** Postgraduates can also go abroad with the English Department, but they will have to register as undergraduates at their host university and might encounter difficulties in getting their courses from abroad recognised.
- **Studying “English” abroad:**
 - Most of our co-operations are with other universities’ Modern Language Departments (≠ English!).
 - Still, especially in cultural studies, it is often possible to get classes from other disciplines recognised.
- **An Erasmus stay is associated with high costs** (e.g. for rent and living expenses).

Course Recognition

- There is the possibility of getting courses from abroad recognised back in Tübingen.
- **Please consult the responsible members of staff:**
 - Academic English: Stu Watts
 - Literary/Cultural Studies: Dr. Ellen Dengel-Janic
 - Linguistics: Prof. Dr. Sam Featherstone
 - TEFL: Dr. Lilian Chaitas
Dr. Stefan Hofstetter
 - Professional Skills: Examinations Office
- **Be aware that there are some restrictions depending on your degree:**
 - For example, either the AM Literary Studies or AM Cultural Studies must be completed with an oral module exam in Tübingen.

Accommodation

- There are different ways of getting accommodation abroad:
 - **We recommend: Universities' halls of residence.** Most universities reserve a certain number of rooms in their halls for incoming Erasmus students. If you are interested in living in halls **get in touch with your host university as soon as possible to get more information.**
 - **Alternatively: Private accommodation.** You might want to rent a room or even a flat together with other Erasmus students. If so, then have a look on the university's homepage, on Facebook pages, on accommodation apps and websites, or ask former Erasmus students.
 - **Be careful! In the past, students have occasionally been cheated by fake letting agents.**
