

Ausfüllhilfe Eigenständigkeitserklärung

This translation is for information and orientation only. Please enter your details on the legally binding German original, “Eigenständigkeitserklärung ab SoSe 2026”

Family Name:

Given Name(s):

Student ID Number:

I hereby declare that I have written the paper entitled

as part of my assessment for the class

in the summer semester / winter semester under the supervision of

independently and using only the resources cited in the paper.

1. Originality

I understand that I must author all written assignments submitted as part of my coursework or assessment during my studies entirely on my own.

2. Use of Generative AI

- I declare that I have not used any generative AI tools for this paper.
- I declare that, in this paper, I have used generative AI tools only
 - *in accordance with the guidelines published in the examination regulations for the respective module or the examiner's instructions,*
 - *solely as an aid and without compromising the originality of the work,*
 - *by always clearly indicating which generative AI tools I used, for what purpose, and to what extent.*

I have used the following form(s) of generative AI tools (please select)¹:

- Research (literature review looking up terms, theories, and other information ...)
- Summarizing literature
- Translating literature in languages in which I am not fluent
- Idea generation (inspiration for formulating a research question, suggestions for research designs, etc.)
- Structuring (suggestions for structure and organization, etc.)
- Revision of my own texts (improvement of grammar and style, shortening, translation)
- Analysis and evaluation of data
- Creation of images and graphics

¹ The distinction between forms of use made here is based on Griesl et al., Generative AI in Academia: A Survey of Students and Staff at the University of Tübingen, Tübingen, April 24, 2024, 24.

- Other (please specify):

3. Originality

I hereby declare that this paper has not previously been submitted to any other examining authority, either in Germany or abroad, in the same or similar form.

4. Consequences under examination regulations in the event of a violation

I am aware that a violation of these basic rules of academic work constitutes an attempt at deception or fraud and accordingly will result in legal consequences under examination regulations. A violation may lead to the assessment receiving a grade of “unsatisfactory” (5.0) or the coursework being graded “failed”. In serious cases, the examination board may exclude the candidate from taking further assessment; please refer to the relevant examination regulations.
