

## Course overview - English-Taught classes at the Department of Psychology Summer semester 2026

Below you will find an overview of all English-taught courses available for Erasmus students. If you are interested in attending, please contact the respective lecturers. Please note that you may only register for courses from the **B.Sc. Psychology (Version 2021)** and **M.Sc. Psychology (Version 2024)** programs. You can find these in alma under [university course catalog > 7 Faculty of Science > Psychology](#)

| Course title                                                                                                                       | Course Format    | Lecturer            | Course Catalogue     | ECTS |
|------------------------------------------------------------------------------------------------------------------------------------|------------------|---------------------|----------------------|------|
| <b>Bachelor Courses</b>                                                                                                            |                  |                     |                      |      |
| <i>RS Social Psychology: Metacognitive Judgments and Learning</i><br>title in alma: FS Sozialpsychologie (Vertiefung Grundlagen 2) | Research Seminar | Zachary Niese       | <a href="#">Link</a> | 6    |
| <i>RS Knowledge, Communication and Media Psychology</i><br>title in alma: FS WKM (Vertiefung Anwendung)                            | Research Seminar | Man Echo Su         | <a href="#">Link</a> | 6    |
| <i>Project Work in Biological Psychology</i><br>title in alma: PA Biologische Psychologie (Vertiefung Grundlagen 1)                | Project*         | Ian Grant Mackenzie | <a href="#">Link</a> | 6    |
| <i>Project Work in General Psychology II</i><br>title in alma: PA Allgemeine Psychologie II (Vertiefung Grundlagen 1)              | Project*         | Amy Strivens        | <a href="#">Link</a> | 6    |
| <i>Laboratory Course in Experimental Psychology 1</i><br>title in alma: P Experimentalpsychologisches Praktikum 1 / Basis          | Practical Course | Luigi Palumbo       | <a href="#">Link</a> | 6    |

\*The project work builds on the corresponding research seminars of the winter semester. Participation in the research seminar is therefore usually required. Please check with the lecturers whether attendance is possible without this background.

|                                                                               |                  |                     |                      |   |
|-------------------------------------------------------------------------------|------------------|---------------------|----------------------|---|
| <b>Master Courses</b>                                                         |                  |                     |                      |   |
