THE DENVER DIFFERENCE

The University of Denver is an Equal Opportunity Institution. For more information, visit du.edu/equalopportunity/non-discrimination-statement.

 UNIVERSITY OF DENVER

Be you at DU.

**Academics. Adventure.
Achievement. Do more at DU.**

"For me, 4D has given me a way to approach my life in college in a more holistic way. It has given me support where I can explore my personal growth, intellectual development, and well-being. I think 4D is giving me tools that will not only help me succeed professionally but thrive personally."

Juliana Ramirez, Class of 2027

At DU, you won't just prepare for a career—you'll shape a life of purpose. Through your personalized 4D Experience, you'll dive deep into what drives you academically, personally, and professionally.

You'll build lasting friendships, unlock opportunities, and discover communities of mentorship that support you along the way. Curious how the 4D Experience could shape your time at DU? **Discover how students like you shape a transformational education that's uniquely theirs at du.edu/explore-4D.**

Campus**

DU is designed for doers.

With one campus on the edge of bustling downtown Denver and another in the Rocky Mountains, DU's dual campus model is built for diverse experiential learning.

In the city, you'll engage with vibrant arts, cutting-edge innovation, real-world internships, and a thriving community. Just two hours away, the Kennedy Mountain Campus gives you space to unplug, reflect and connect—with yourself, with others, and with the natural world. With both campuses at your fingertips, you'll discover what drives you and how to turn it into real impact.

Ready to dive into the city, scale the mountains, and experience DU firsthand? **Book your visit now at du.edu/visit-du.**

"My favorite thing about DU's location is our proximity to the mountains. I am in the mountains almost every weekend with my friends, and I have explored so many new places!"

Sabrina Efroymsen, Class of 2026

Love where you live.

"DU has been a whirlwind of an experience in the best way. The location really has made the difference for me. I love where DU is located within Denver. There is easy access to parks around campus to run in or go on picnics, it's a 15-minute train ride to downtown for music events and restaurants, and there are a lot of fun food places to try and farmers markets in the area. I also have used my time at DU to explore the mountains. I started skiing my freshman year and have skied over 30 times since! I also love camping, hiking, and spending time with friends."

Tessa Laroche, Class of 2026

Your DU community awaits.

More than 70% of DU students come from outside Colorado, bringing fresh faces, ideas, and perspectives to campus every day. Whether you're diving into club sports, running for student government, joining Fraternity and Sorority Life or exploring one of 100+ student organizations, you'll find your place and your people at DU.

"I love that DU fosters connections and relationships within the community. I am pretty involved on campus, and the friendships I have formed across clubs and through a variety of classes and experiences have shown me what it means to belong."

Abby Gardner, Class of 2025

Club Spotlight: Alpine Club

Looking for a crew to explore the Rockies? Meet the Alpine Club—the biggest student org on campus. Whether you're hiking, camping, rafting, climbing, skiing, or snowboarding, Alpine Club trips are adventures you'll never forget.

Design your degree.

100+
Programs of study

At DU, our unique academic format gives you the flexibility and support to pursue several passions, build critical skills, and shape a path that is truly your own.

3 Things to Know About Academics at DU

- 1 The quarter system** gives you the flexibility to explore multiple academic paths while working closely with your advisor to stay on track. With three to four classes each 10-week term, many students graduate with more than one major or minor. And the cherry on top? A built-in six-week winter break—perfect for rest, travel, internships, or diving into something new.
- 2 The Common Curriculum** reflects our commitment to a well-rounded education. You'll customize your academic path while developing essential skills that prepare you for success beyond graduation.
- 3 With a 9:1 student-to-faculty ratio**, you'll get to know your professors—and they'll get to know you. It's the kind of environment that fosters deeper class discussions, close mentorship, and a truly personalized academic experience. DU faculty consistently rank as students' favorite resource for a reason.

Academic Accommodations & Support

At DU, you'll have the support you need to thrive. If you have a documented learning difference, **Student Disability Services (SDS)** will work with you to create personalized accommodations for housing, classes, and testing, so you can focus on reaching your goals.

The **Learning Effectiveness Program (LEP)** has developed some of the most comprehensive support services provided at the post-secondary level for neurodiverse students. Our nationally recognized program serves over 400 students each year. LEP is a fee-for-service program that costs \$5,100 per academic year, and scholarships are available.

"When I was first looking at colleges, it was really important for me that I went to a school that understood how my brain works. When I found out about the LEP, I knew DU was the place for me. There was no school that I toured that truly showed how much effort and care they put into student success the way the LEP at DU did."

MK Barlow, Class of 2025

College of Arts, Humanities & Social Sciences (CAHSS)

As the heart of DU's liberal and creative arts education, CAHSS is where ideas, disciplines, and perspectives converge. Here, at the largest and most diverse academic unit on campus, you'll sharpen your critical thinking, master strategic communication, and tackle problems with creativity—all while connecting through meaningful community engagement.

The Exploratory Experience at DU

Still figuring it out? No problem. At DU, you don't have to declare a major until you've earned 75 credits, which is usually mid-way through your second year. Our quarter system and flexible curriculum are designed for exploration, and our academic advisors are here to help you stay on track while you discover what truly excites you. Through exploratory courses, success coaching, career advising, and more, you'll have the freedom to explore and the support to move forward with confidence.

College of Natural Sciences & Mathematics (NSM)

From chemistry to climate science, NSM pairs comprehensive classroom learning with access to advanced research labs. Across five departments, you'll build analytical and deductive reasoning skills in the classroom, in the lab, or abroad while contributing to the discoveries shaping our future.

Learn through experience.

At DU, you don't have to wait until grad school to make research count. We're classified as an R1 research university, placing us among the nation's top institutions for high-impact research.

That means you'll have the chance to collaborate with faculty on projects that spark innovation, expand knowledge, address inequities, and fuel real-world change. In 2024 alone, more than 690 undergraduates participated in research across campus. That same year, DU faculty research was cited over 36,300 times in industry publications and reference materials—proof that what happens here reaches far beyond campus.

It takes many voices to speak the truth.

At DU, we have a long-standing and deep-rooted commitment to freedom of expression and pluralism. Here, you'll have the space to follow your curiosity. Sharpen your critical thinking skills. Embrace diverse viewpoints. You'll engage in the kind of complex, challenging conversations that shape your education, strengthen communities, and move the world forward.

Take your education global.

Through study abroad and interterm travel courses, you'll immerse yourself in new cultures, communities and ecosystems, gaining global insight and fresh perspectives.

With support like the Cherrington Global Scholars benefit, which helps cover major costs like airfare and visa fees, studying abroad is accessible and encouraged. It's a signature part of the DU experience, designed to fuel your curiosity and deepen your learning, all while keeping you on track to graduate.

Top destinations: Italy, Spain, the UK, and the Czech Republic.

What's an interterm course?

An interterm course is a short, intensive class offered during the breaks between academic quarters, like winter or spring break. These courses are designed and led by DU faculty and often involve study abroad or an experiential learning component that takes you beyond the traditional classroom.

Recently offered and upcoming interterm courses:

- The Geography of Surfing in Nicaragua
- Kiwis and Kauris: Sustainability in New Zealand
- Using Photography for Intercultural Awareness and Understanding in South Korea
- Antarctica: The Fragile Continent (Exploring Humans and the Environment)

Freeride	Taekwondo
Golf	Tennis
Gymnastics	Ultimate Frisbee
Hockey	Volleyball

Intramural Spotlight: Broomball

Think hockey, but with brooms. Sounds quirky, feels fierce.

Denver's Home for College Sports

With a record-breaking 10th NCAA title in 2024, DU Men's Ice Hockey proved what we've always known—we're the best on the ice. But we don't stop there. Our ski team holds more national titles than any other in the U.S. In 2023, Women's Gymnastics claimed an NCAA Regional title. And since 2019, five DU programs have powered their way to the Final Four—Men's Ice Hockey, Men's Soccer, Women's Gymnastics, Men's Lacrosse, and Women's Lacrosse.

With 18 Division I teams, there's always something to cheer for:

"At DU, I have been able to explore different passions and become a more well-rounded individual. I would not have been able to take so many different classes and still have time for internships at a typical semester school. Thanks, DU!"

Caroline Eason, Class of 2025

What's next?

How to Apply

1. Log in to the Common Application at **commonapp.org**.
2. Select the University of Denver as one of your schools.
3. Request your official high school transcript(s) and/or college transcript(s).
4. Submit official test scores if applicable.*
 - College Board code = 4842
 - ACT code = 0534
5. Pay the \$65 application fee or apply for a fee waiver by reaching out to your admission counselor.

Why Apply Early Decision?

Benefits to applying in our Early Decision I or Early Decision II rounds:

- Additional annual \$5,000 merit aid award
- DU meets full demonstrated need of top performers
- Stronger consideration for admission
- Earlier admission and financial aid notifications

Financial Aid Timeline by Application Round

	Early Decision I	Early Action	Early Decision II	Regular Decision
Apply to DU	Nov. 1	Nov. 1	Jan. 15	Jan. 15
Submit CSS Profile & FAFSA <i>Available Oct. 1</i>	Nov. 15†	Nov. 15†	Feb. 1†	Feb. 1†
Receive Admission Decision & Financial Aid Offer†	Early Dec.	Late Dec.	Mid Feb.	Late Feb.
Apply for Private Scholarships	Ongoing	Ongoing	Ongoing	Ongoing
Accept Your Admission & Financial Aid Offer	Dec. 19	May 1	Feb. 20	May 1

† These are priority deadlines, and you can still apply for need-based aid after these dates. Submit your CSS Profile and FAFSA as soon as you can to receive your financial aid as quickly as possible.

‡ If you submit both the CSS Profile and FAFSA by the priority deadlines, you can expect to receive your financial aid decisions by the times in this table.

For more information about cost of attendance, planning your finances, and the financial aid process, please contact us at 303-871-4020 or email finaid@du.edu.

For an early estimate of what you can expect to pay, visit our **Quick Cost Estimator**.

du.edu/estimator

Your visit, your way.

"I knew a major consideration in my college decision would be access to the outdoors and sunny weather. DU ended up being the perfect fit for me, as I wanted to learn and grow in a bigger city but still be able to do the things I love outdoors. I'm able to take full advantage of the opportunities and extracurriculars offered by the city of Denver, with two internships at the state capitol, countless concerts and venues in the books, and always something new to check out. At the same time, I'm still embracing my stereotypical Coloradan hobbies—camping, skiing, hiking, or doing some form of exploring in the mountains essentially every weekend."

Anna Respet, Class of 2026 and Current DU Tour Guide
