Towns around Tübingen with good public transport

Dear student,

The housing market in Tübingen is very difficult, especially for the many students who have not been able to get a place in a hall of residence.

It is an option to look for accommodation outside the town of Tübingen, e.g. in villages or smaller towns around Tübingen.

Rents are often lower there and there is often less competition for affordable housing. Of course there is the disadvantage of commuting.

When checking public transportation for a location, please do not use Google Maps. Some connections are not included there, so you will be shown a connection that is much too long or no connection at all.

You can only get reliable information on public transport connections in the region around Tübingen from Naldo - the local transport association. We recommend using the app, but there is also an option via the web browser.

Android:
https://play.google.com/store/apps/details?id=com.mentz.naldo_bw_app

Apple:

To help with your search outside of Tübingen, we have compiled a list of towns that are no more than 30 minutes away from Tübingen's main train station by public transport.

The times for the last connection all refer to weekday connections. Most of them have additional nighttime connections on the nights of Fri/Sat and Sat/Sun or even on weekdays until 2 or 3 am. The timetables usually are updated once or twice a year and there might be some short-term changes due to construction sites and similar issues, so these times might not be exact. But despite these changes, the last connection will most likely still be between 11 pm and midnight.

Travel time in each case from the station in the town to the main station in Tübingen.

Well public transport accessible towns around Tübingen less than 30 minutes away:

Location	Commuting time in minutes	Connections within an hour	Last connec- tion (on weekdays)
Tübingen-Pfrondorf	20-25 min (bus)	quarter-hourly to half-hourly	3:00 (bus)
