Alma: UT's study management system

During studies, Alma is used for...

in most disciplines:

- by students: registration for classes and exams (NB: separate processes!)
- by academic staff: administration of courses, participants, credits and grades

for all students:

- Administration of personal data
- Download of documents (enrollment certificate etc.)

Your student account and the Alma system

You need a **regular, full student account** to register for courses on Alma.

The **preliminary** account used for **application** (username format: *firstname.lastname*) to UT **cannot** be used for managing your studies (and will be deactivated before long).

The full student account is issued upon **completing your enrollment** with the University:

- new, **official student ID** (username: an alpha-numerical combination like *zxrju04*)
- **dedicated password** for your student ID, sent in a **mail with an encrypted PDF file**
 - The decryption key/pw can be obtained via **phone call** (number included in mail), or directly **from Ms. Klein at the Student Service Point**, SSC, Wilhelmstr.19.
⇒ *Hint: After decryption, write down key or password and store it in a secure location for later use.*
 - Your new **student ID password** must be **changed once** to **fully enable the account**
 - Should you claim your decryption key/pw on site, you will also receive an English translation of the (German) PDF file, which is not yet included with the mail.
For resetting the password, contact the Admissions Office: study@uni-tuebingen.de
- **Please do not use your applicant's account for any operation after full enrollment!**

***A tiny* introduction to German academic mail communication**

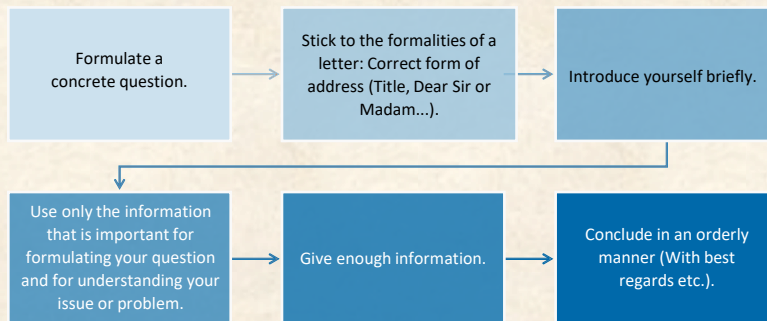

How should I address my professor in a mail?

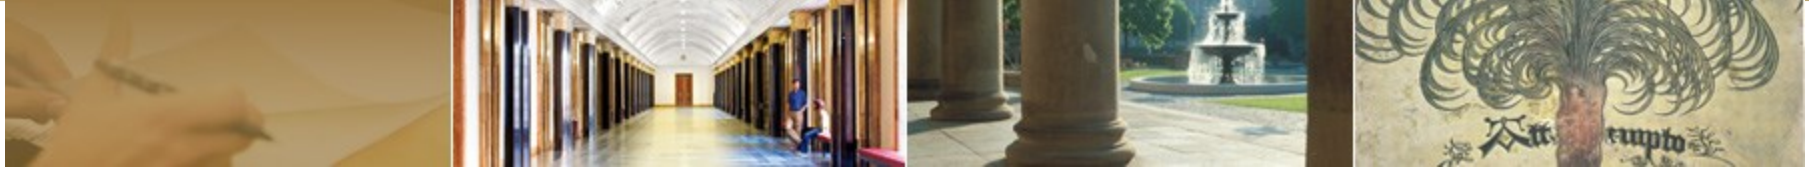

1. No address necessary, just state your business:
„Can you help me with...?“ ☞ please don't (it's considered very rude) ☞
2. „***Dear Prof. Y***“ ☞ most common form ☞
3. „***Esteemed/Honored Prof. Dr. Y***“
☞ very formal and sincere (can be used, but is used rarely) ☞
4. „***Hello Mr./Ms./Mx. Y***“ ☞ if you know them well ☞
5. „***Hi!/Hello!***“ ☞ avoid (can be considered disrespectful) ☞
6. „***To whom it may concern***“ ☞ use only if you do not know them and don't know if they are right addressee ☞

And after the address...

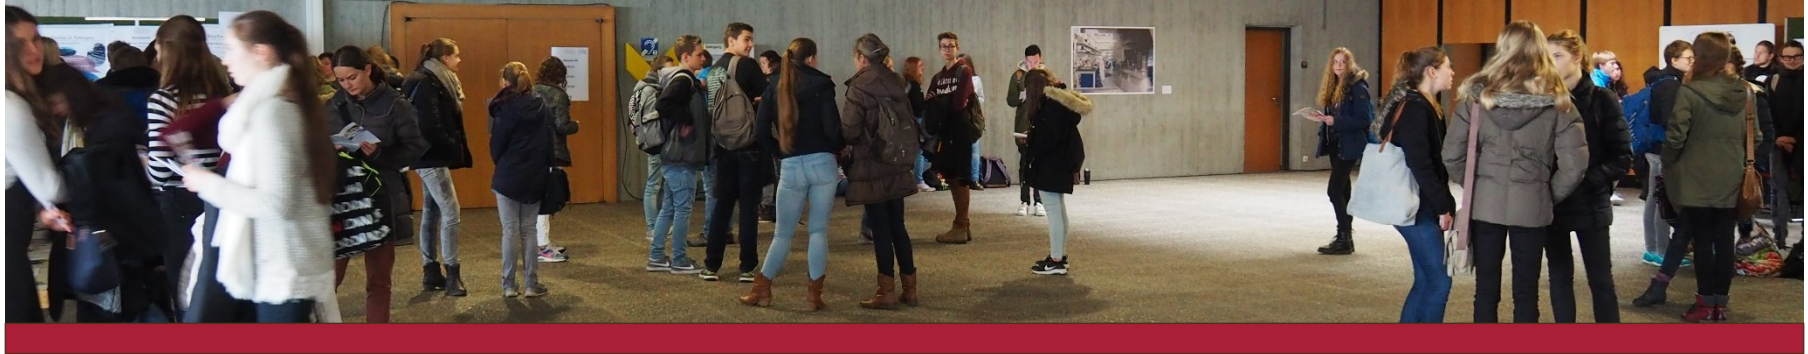

How to write a complete email

What other services does UT offer?

Finding support and guidance for, and beyond, your program

Are you a student with a disability or (chronic) illness?

Are there issues or problems you would like to receive some guidance on or support with, such as:

- *having your **study conditions adjusted** to your needs?*
- *advice about **information and support options** for your situation?*
- *accessibility?*

Katrin Motta

Carmen Schüßler

Susanne Held

The counselors for students with disability or chronic illness

are there to assist you, e.g. with:

- accommodation measures for your studies (disadvantage compensation)
- inquiries during your studies
- further support resources

Are you in need of information about your discipline or program?

- Do you want to find out how to **best organize your study plan** according to course and module **contents**, material, and dependencies?
- Do you want to discuss what **specializations** are most suitable for your interests (and possibly later career)?
- Have you been struggling to grasp a specific **concept in your discipline**?

$$f'(x) = \lim_{h \rightarrow 0} \frac{f(x+h) - f(x)}{h}$$

$$f(x) = \lim_{h \rightarrow 0} \frac{(x+h)^2 - x^2}{h}$$

$$= \lim_{h \rightarrow 0} \frac{x^2 + 2xh + h^2 - x^2}{h}$$

$$= \lim_{h \rightarrow 0} \frac{2xh + h^2}{h}$$

The faculty and departmental program advisors
will be able to answer your inquiries.
