Artist Talk & Poetry Reading

Adam Dickinson (Brock University)

“Science, Language, and Metabolic Poetics”

Anthropogenic pollution is rewriting not only our climate but also the metabolism of our bodies. How might poetry respond? Canadian poet, artist, and professor Adam Dickinson reads from his work and talks about the experiments with his own microbes and chemical exposures that shape it. Followed by a conversation with the audience.

Tuesday, 24 November 2026 · 18:15–19:45

Alte Anatomie, Großer Hörsaal
Österbergstraße 3, 72074 Tübingen
